

# BiTrac<sup>®</sup> NIV Nasal

## Non-Invasive Ventilation Masks

The BiTrac Nasal mask is a comfortable and effective solution for non-invasive ventilation. Designed with a double-lipped silicone cushion, the BiTrac Nasal helps alleviate unnecessary pressure while achieving a great seal. The OmniClip technology allows for adjustable forehead pad positioning, while the headgear's two sets of Velcro ensure a perfect fit for patients of all head sizes.

*360° Vented & Non-Vented Elbow*

*Soft Silicone Cushion*

*Four Size Options*

**Breathable  
Headgear**

**Adjustable Omni-Clip™**

**360° Swivel Elbow**
